FOLLOWING ELECTRIC GOLF PUSH CART

PRODUCT INTRODUCTION

The GOZO Electric Golf Push Cart is designed with Auto-Follow Mode, Remote Control, and a Pneumatic Foldable Design to elevate your golfing experience. Effortlessly navigate the course with the automatic follow feature while maintaining full control using the intuitive remote. When your game is done, the cart folds up easily for compact storage and transport. GOZO cart brings together innovation, portability, and ease of use, making it the ideal choice for golfers who appreciate both style and functionality.

PRODUCT INTRODUCTION

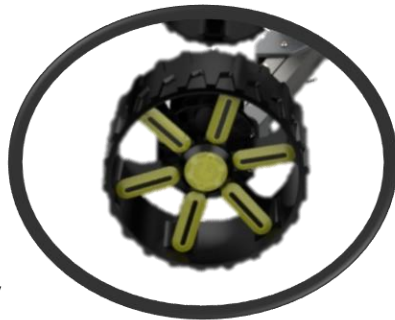

Secure Locking System: Features a robust and durable mechanism with an adjustable handle height.

Intuitive Graphical Display: Features a user-friendly screen with clear icons and visuals, providing real-time information like speed, battery status, and mode for effortless navigation.

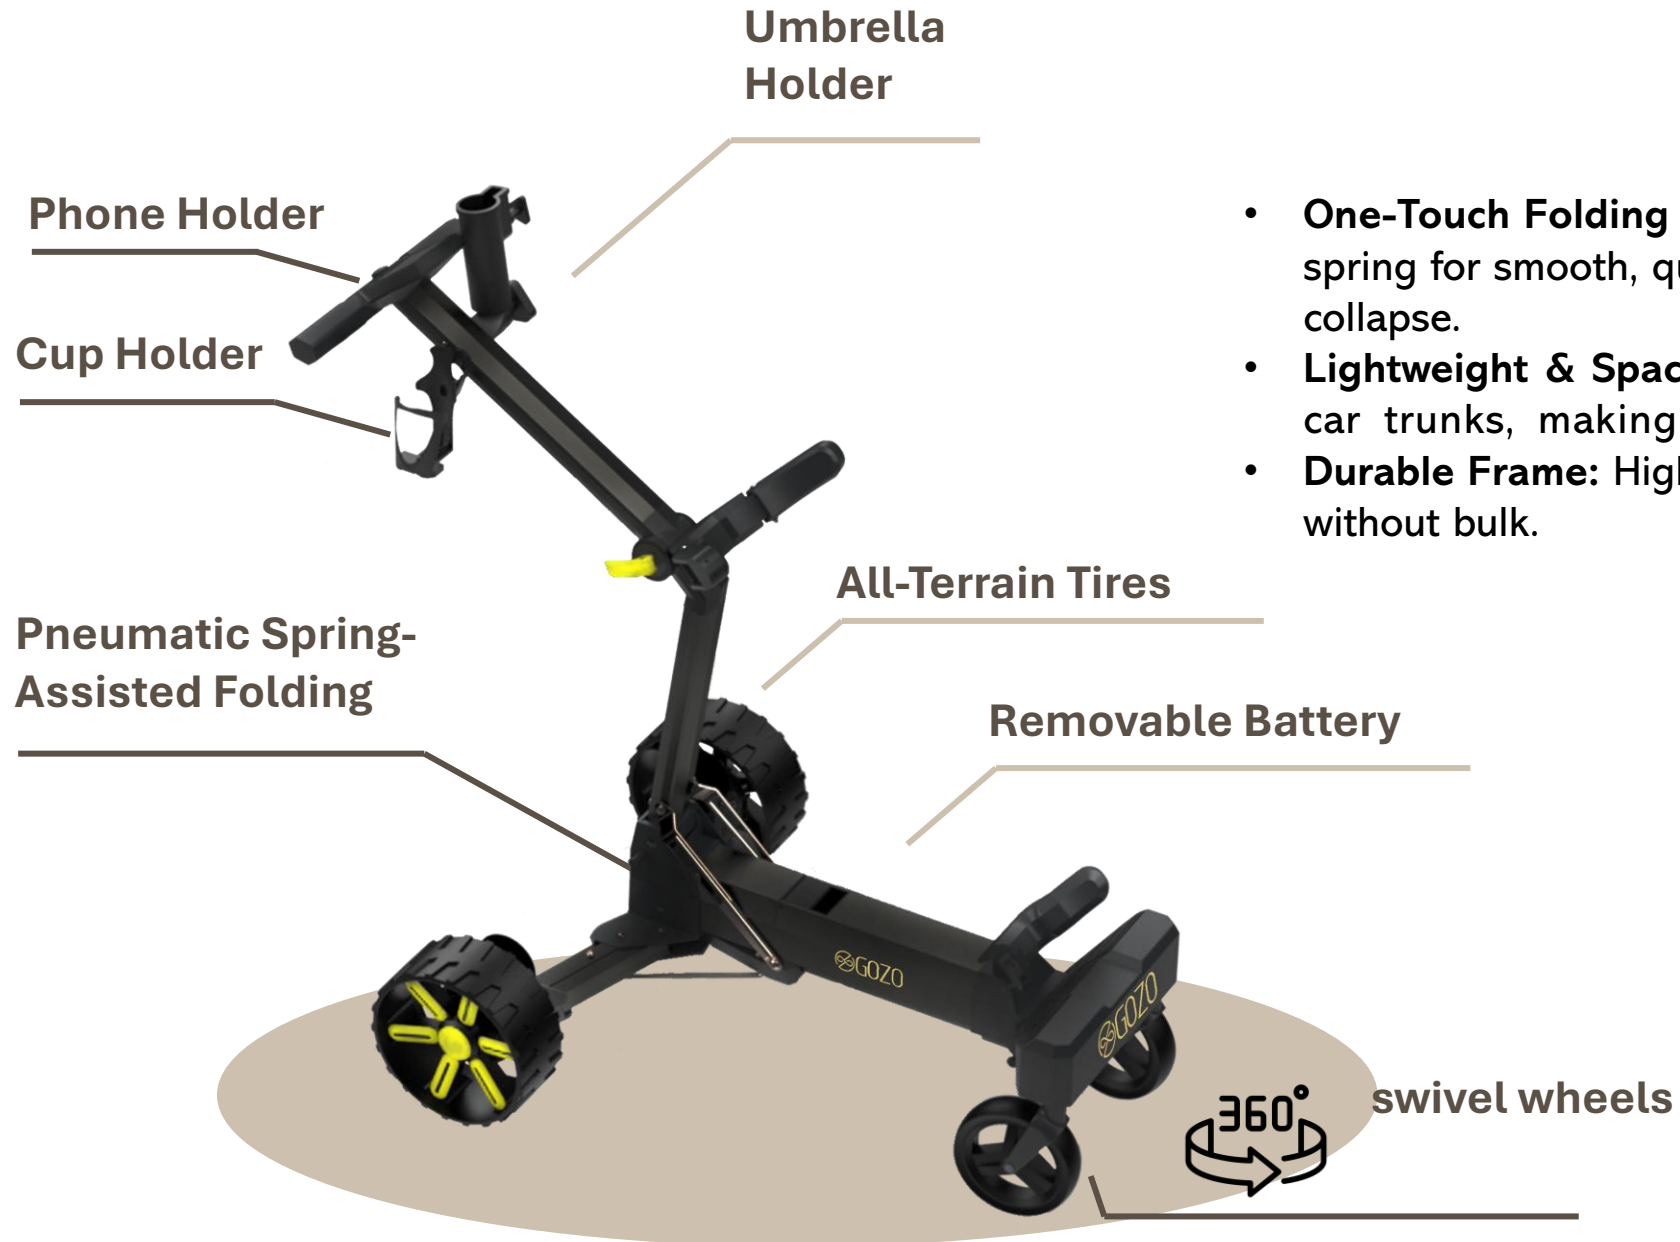

Pneumatic Spring-Assisted Folding: Effortlessly fold and unfold the cart with its pneumatic spring design, providing smooth and hassle-free operation for quick setup and compact storage.

Durable All-Terrain Tires: Engineered for stability and grip, these tires easily handle various surfaces, from smooth fairways to rugged paths.

PRODUCT DESIGN

- **One-Touch Folding System:** Features a pneumatic spring for smooth, quick, single-button deployment and collapse.
- **Lightweight & Space-Saving:** Fits effortlessly into most car trunks, making transport and storage a breeze.
- **Durable Frame:** High-strength materials ensure stability without bulk.
